

FutureSelves

Student Engagement

"At first they found it hard to talk and write about the things that they are good at. We talked about it and then went back over activity 1 again".

Decile 1 school

Goal Setting

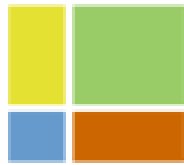

Careers Thinking

FutureSelves has encouraged our students to think at a higher level, it is really stretching them".

Decile 9 school

New, value for money and easy to use resource for Year 7 and 8

FutureSelves

Does your school have a clear, quick to set up, pathway for Careers Education?

The National Administrative Guidelines require all schools to provide "Appropriate career education for all students year 7 and above". Nag 1(f)

FutureSelves has developed and trialed a comprehensive and user friendly careers education resource for year 7 and 8 teachers and students. Paper based, it provides a teacher guide and student workbook that is quickly and easily set up to use in class.

"There was a lot of peer discussion on what good learners do as well as the different learning styles". Decile 1 school

To learn more about the success of the FutureSelves programme visit our website www.futureselves.co.nz

For **\$199 + gst** you get a 1 year license of the Teacher Resource and Student Workbook. On purchase you will receive a secure log in to download your schools resources.
